THANK YOU FOR PURCHASING THE WHEELED PLANTER TOWER!

You now have a superb solution for your garden, kitchen garden, and potted plants. Grow herbs, berries, or flowers in the neatly stacked planters, and move them around freely! Check out the benefits of this tower:

Fresh greens at hand

Your cooking repertoire is going to be transformed once you have access to basil, coriander, mint, or dill at your fingertips: it's a burst of flavor in every dish, straight from your garden to your plate.

Space-saving design

The vertical structure allows you to maximize your gardening space. Perfect for small patios, balconies, or even indoor use: the planter tower simply lets you grow more in less space.

Easy mobility

With its sturdy wheels, the planter tower can be moved effortlessly to catch the best sunlight or to protect your plants from harsh weather. It's gardening made convenient.

Versatile planting

Whether you're into growing luscious strawberries, vibrant flowers, or nutritious greens, the planter tower will work for you. The tiered design ensures that each plant gets adequate sunlight and air.

Low maintenance

Designed for minimal upkeep, the planter tower lets water flow from top to bottom, so your plants are kept hydrated with little effort on your side. Spend less time worrying about watering schedules and more time enjoying your thriving garden.

Please read this manual before using the planter tower and keep the manual for reference. Don't use the planter tower in any ways that are not described in this manual.

CUSTOMER SUPPORT

LIST OF PARTS

A × 1

Bottom tray

C × 6

Planter

B × 6

Wheel

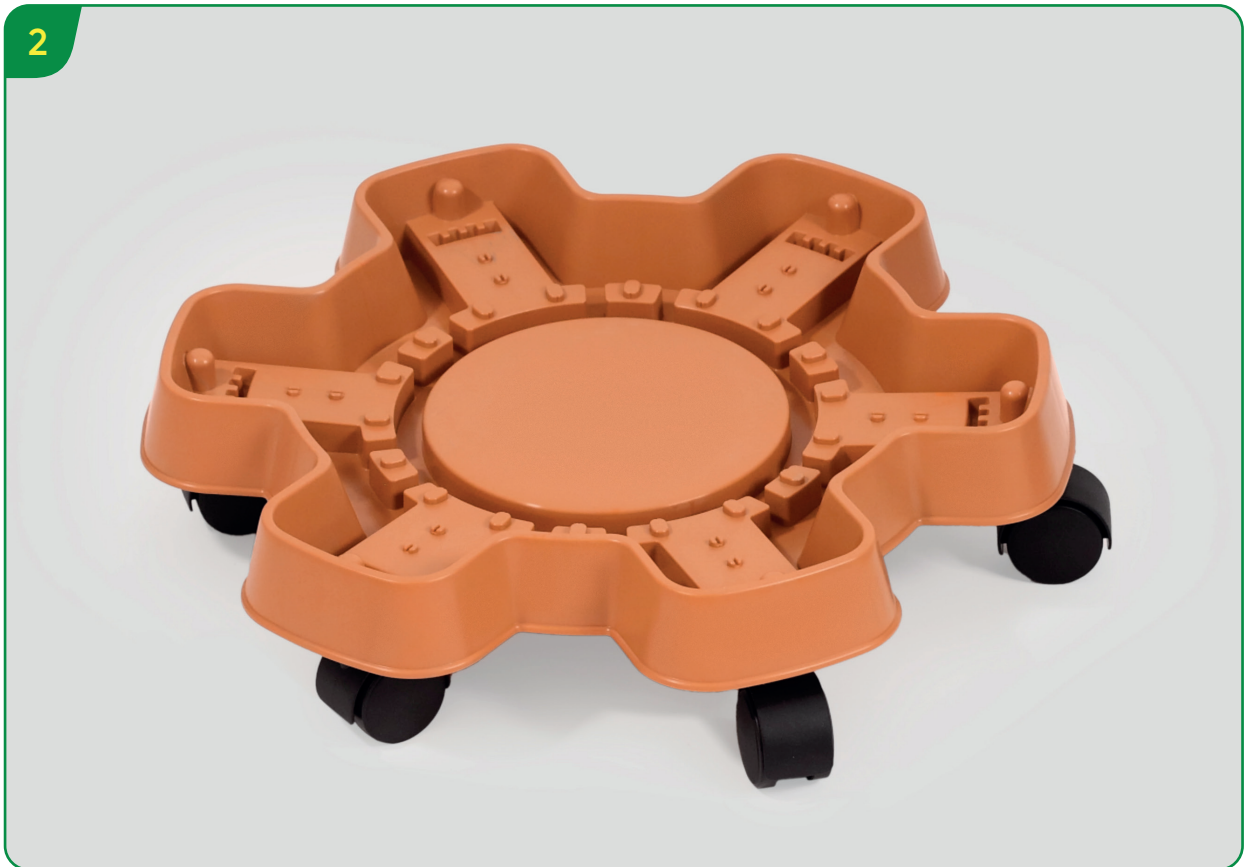

HOW TO ASSEMBLE

Turn the bottom tray (**part A**) upside down and attach the 6 wheels (**parts B**) to it.

2

Turn the bottom tray (**part A**) over: it's now on wheels!

3

Put one of the planters (**part C**) onto the bottom plate (**part A**).

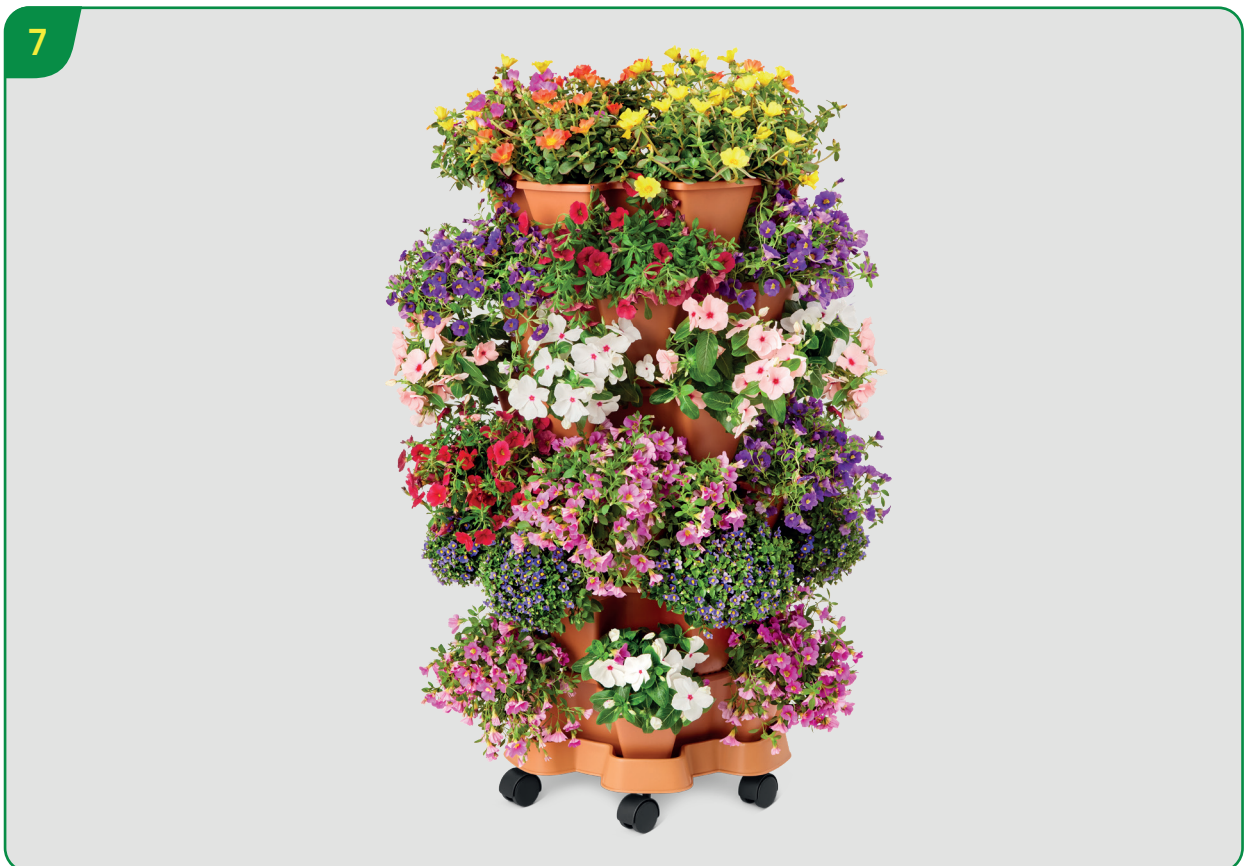

Fill the planter (**part C**) with soil and plants.

Place another planter (**part C**) onto the one filled with soil and plants.

Fill it with soil and plants.

Repeat for the remaining planters (**part C**) until you build the entire 6-tiered planter tower.

Your Wheeled Planter Tower is complete! Water your plants as needed, starting from the top tier to let water flow down through the planters.

WARNINGS

- Do not overfill the planters.
- Move the tower with caution: make sure there's nothing in the way of the wheels.
- Do not store flammable or caustic chemicals in the wheeled planter tower.
- The product is not to be used by children or animals.
- Repair or replace broken parts immediately.
- Do not sit or stand on any part of the wheeled planter tower.
- The manufacturer is not responsible for damage caused by weather or misuse.
- Avoid excess heat from any auxiliary source.
- Do not use the product in low temperatures (below 0 °C / 32 °F). It might cause external shell breakage.

GENERAL SAFETY

- Use with caution. Keep pets, children, and other people safely clear of the wheeled planter tower.
- Avoid using excessive force while assembling the wheeled planter.
- Make sure to follow recommendations on soil quality.
- Do not use aggressive cleaning agents to clean the wheeled planter tower: they might damage your soil and plants.
